Expertise, Choice, and Execution in LED Modernization

## CASE STUDY

- ✓ Classrooms and Offices
  - T8 2' X 4' Fixtures
- ✓ Church
  - Multiple Lighting Types
- ✓ Exterior
  - Wall Packs and Signage Lights

Maranatha Christian Academy and Church is a traditional private school and Baptist church. Founded in 1974, the school has an enrollment of over 80 students from pre-kindergarten to 12<sup>th</sup> grade, and has a student/faculty ratio of just over 8. Poor lighting throughout the facility impacted both learning conditions and worship experience. The school solution features new dimmable flat panel LED lighting that enables teachers to adjust the brightness of the lighting to meet their specific teaching needs. Improved church lighting provides a new fresh look that is appealing to members and visitors, while new signage and wall pack lighting provides greater visibility to attract prospective attendees and overall security.

Expertise, Choice, and Execution in LED Modernization

## CASE STUDY

### TEACHING EXPERIENCE

*“The difference with the new lights can’t be measured. They improve both general and special needs education. We can adjust them on the fly to best present material.”*

- Arts Teacher

### FINANCIAL IMPACT

*“We chose a short-term lease because it actually yields net income every month. Our monthly lighting expense is lower than the lease cost; the lights pay for themselves.”*

- Pastor Rod Bell

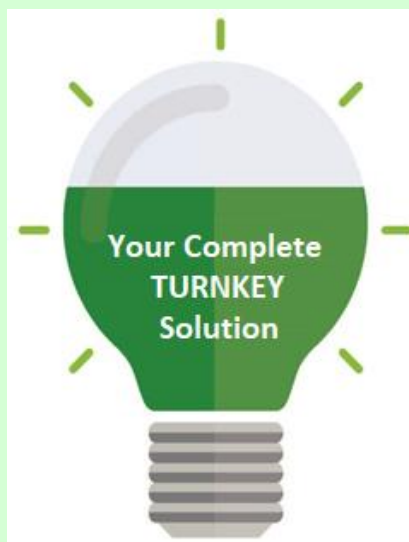

### RECRUITMENT GROWTH

*“The new lighting immediately demonstrates professionalism that families searching for a school can immediately see. Our overall image has been greatly enhanced.”*

- Admissions Director

**EXPERTISE** - A consultative approach to ensure your business gets the best lighting solution that exceeds your financial and operational goals.

**CHOICE** – By monitoring the price, features, and performance characteristics of all reputable LED manufacturers, GREENLIGHT brings you only the best products at the lowest price anywhere.

**FINANCING** – GREENLIGHT has several partners providing lease to own financing. Our approach lets the energy savings for the solution cover all costs. *NO up-front or net operational cost.*

**EXECUTION** – Our certified national installation teams are uniquely able to expertly install all products very quickly; minimizing operational impact at your site.
